***DEECA: Corryong, a community, practising resilience**

After the devastating 2019-20 fire season, the Victorian Government's Department of Energy, Environment, and Climate Action (DEECA) and AusNet undertook a feasibility study to investigate how new energy infrastructure can provide support for communities and households affected by extreme weather events. Be part of Corryong's energy future for more information. Reliable, renewable, and resilient energy that works for you and your community.
